Library Resources For UACP Preceptors

The Library and Learning Resource Center is pleased to provide UACP's preceptors with access to its electronic holdings, which includes journals, databases, and books.

Instructions for Requesting Access

1. Go to the UACP Experiential Education site at <http://www.uacp.org/experiential> and click on "Preceptor Library Access"
2. Fill out the entire form, including the name of the student you are precepting and the date you would like your access to begin.
3. In general, you may only request access for a period of time during which you are actively precepting a UACP student (*see Terms of Use below).

****Terms of Use: All usage of library resources must be for activities directly related to precepting UACP students ONLY. Any violation of these terms will result in termination of library access.****

Journals

UACP provides access to a number of scientific journals in a variety of disciplines. Some of the journals available include:

- ◆ JAMA
- ◆ New England Journal of Medicine
- ◆ British Journal of Clinical Pharmacology
- ◆ Clinical Infectious Diseases
- ◆ Drugs
- ◆ Journal of Parenteral and Enteral Nutrition
- ◆ Journal of Antimicrobial Chemotherapy
- ◆ Trends in Pharmacological Sciences

A full list is available at www.uacp.org/library.

Databases

UACP provides access to both bibliographic and drug information databases, including:

- ◆ Clinical Pharmacology
- ◆ Facts & Comparisons 4.0
- ◆ International Pharmaceutical Abstracts
- ◆ Cochrane Database of Systematic Reviews

E-Books

Through the StatRef service, you can access a collection of 49 electronic books, including such titles as:

- ◆ ACP Medicine
- ◆ Basic & Clinical Pharmacology
- ◆ Goodman and Gilman's Pharmacological Basis of Therapeutics
- ◆ Pharmacotherapy Handbook
- ◆ Review of Medical Physiology
- ◆ Williams Obstetrics
